

Hillcrest Academy | Athletics

Hillcrest Lutheran Academy provides a varied athletic program that serves as an important teaching tool for life. Sports can help build friendships, a team-player mind set, and allows students to achieve goals while playing for God's glory and honor.

The coaching staff believes in developing the three-dimensional athlete. Not only do sports participants spend time on academic and physical preparation, time for spiritual growth and development is also emphasized.

Many practices begin with devotions and prayer. Pre-game chapel services prepare student athletes for a much bigger event in their lives: An Encounter With Christ!
